

Join the International Students' Committee

Your Tasks

Our year is split into **two phases**, the first from September to February and the second from February to June. You can join for either both or, as a few do, just for the second phase. In each phase the team will be taking on different responsibilities. These are some we had in past years:

Market and Project Phase (September–February)

- Marketing & Communications (COM): manage marketing campaigns, media relations, and design products
- Leaders of Tomorrow (LoT): promote the Global Essay Competition, select global young talents, and bring them to St. Gallen
- Innovation & Technology (IT): improve the digital customer journey, manage technological projects, get a mentor from Accenture
- Key Accounts (Sales): acquisition and retention of our global community of partners, organise Year-Round Events

Operations Phase (February–June)

- Food and Beverage (F&B): organise all food and drinks on site
- Participants' Services (TNS): contact point for all participants
- Transport (TRP): coordinate travels of all participants
- Social Sessions (SOC): organise unique evening events and parties
- Technical Operations (TECH): plan the symposium site infrastructure and safety concept
- LoT, IT and COM: keep their previous roles with an increased focus on operational tasks

What we are looking for

- **Solution-oriented team player** who has the flexibility to **master complex challenges**
- **Creative mindset** to develop cross-generational dialogue
- **Reliable, structured** and **committed** work ethic
- Strive to meet **ambitious targets** and resilience under pressure
- Advanced level of spoken and written **English, German** understanding
- Student at the University of St. Gallen who have passed the Assessment Year
- **Full-time commitment** for ten, respectively five months to make the next St. Gallen Symposium a success

What you can expect

- Learn how to **plan, structure and operate** a year of dialogue and a world-class conference
- Engage with a **global network** of top-level executives and leaders
- Tackle **personal growth** through facing complex situations and receiving professional training
- Experience **team spirit** and become part of the **50+ year old ISC community** and benefit from these relationships for a lifetime
- Receive **12 Campus Credits** for an entire year in the team, or **8 Campus Credits** for half a year of involvement
- Be eligible for the 8 ECTS elective block course "**Project Management and Controlling**" in fall (only in your Bachelors)
- Receive **goodies** from partners such as Hugo Boss or Samsonite
